## VICTORY IS PROBABLE

ADMINISTRATION LIKELY TO WIN  
IN FIGHT OVER TYPE OF  
ISTHMIAN CANAL.

FAVOR A SEA-LEVEL DITCH

SENATORS ARE OPPOSED TO THE  
PLAN ADVOCATED BY PRESIDENT ROOSEVELT.

Washington, May 24.—A strong sentiment in the senate in favor of making the proposed canal appropriation applicable only to the construction of a sea level canal across the Isthmus of Panama in accordance with the majority report of the senate committee on Inter-oceanic canals is proving embarrassing to the administration, which is committed to the lock type. President Roosevelt discussed the subject with senate leaders, who called at the White House, and apparently he is much concerned as to the outcome.

As the result of the president's inquiry an attempt was made to ascertain how the senate stands on the question on canal type. There were too many absentees to make an effective poll but it was learned that several senators who had been counted upon to support the administration programme will vote for a sea level canal.

Thus far no canal plan has been perfected and the contest is likely to be precipitated by an attempt on the part of advocates of the sea level type to declare that the appropriation for canal purposes shall be used only for the purpose of a one level waterway. Secretary Taft has informed the senate that if the type of canal is not determined by congress, the president will not hesitate to proceed with the plans for a lock canal recommended by the minority of the board of consulting engineers.

Officials charged with the direction of canal affairs believe that the house is in accord with the administration programme for a lock canal. With the two houses at odds it appears that the administration plan must be successful as the president was informed by senate leaders that congress would not be held long in session to contest the question.

LONGWORTH MAKES A SPEECH.

President Roosevelt's Son-in-Law Talks on Consular Bill.

Washington, May 24.—The day's proceedings in the house were closed with a speech by Mr. Longworth of Ohio, who talked on the merits of the diplomatic and consular bill.

Mr. Longworth contrasted the salaries paid our ambassadors and ministers and those paid by foreign governments. He said our system was to compensate our envoys by paying them directly, while foreign governments paid both directly and indirectly. The American ambassador to Paris receives \$17,500; the British ambassador to Paris receives \$45,000, an official residence, an appropriation for the establishment, \$6,000 for official entertaining, and at the close of twenty years he is pensioned at \$10,000 per year for life.

He made a strong plea for the purchase of buildings by the American government in foreign countries and said "then the man of moderate means, the man who most truly represents the bone and sinew of this republic, would not be placed at a disadvantage as compared with another man who had more money."

IMMIGRATION BILL PASSED.

Senate Disposes of the Measure After Short Debate.

Washington, May 24.—In addition to passing half a dozen bills to which no objection was made, the senate devoted its entire day's session to the immigration bill, which was passed just before the hour of adjournment. The major portion of the discussion was devoted to the provision for supplying information concerning the different sections of the country to newly arrived immigrants.

The bill consists of a series of amendments to the existing law, all of them intended to permit stricter regulations for keeping out the defective classes of aliens. The head tax is increased from \$2 to \$5. The debate on the bill was brief, occupying less than two days.

Three Koreans Hanged.

Honolulu, May 24.—Three of the five Koreans who recently were convicted of the brutal murder of one of their countrymen were hanged Wednesday. The sentences of the other two were commuted by Acting Governor Atkinson to fifteen years' imprisonment.

## FAMOUS CONTROVERSY ENDED.

Compromise Agreed Upon Regarding Presbyterian Book of Forms.

Des Moines, Ia., May 24.—The famous controversy and debate over the proposed Presbyterian book of forms ended in the general assembly here in a compromise in which all the words that might indicate that the book is authorized were stricken from the resolutions and the text and title pages of the book itself and in which the resolution of the opposition was also incorporated, declaring specifically that the assembly made no recommendations with reference to it. With these limitations the report of Dr. Henry Van Dyke's committee was adopted and all bitterness between the factions avoided. The book of forms will continue to be published, but nowhere on its pages will be found anything to indicate that it bears any authority from the Presbyterian general assembly, all such words and phrases having been stricken out. It will be published merely "for the purpose contemplated by the general assembly of 1905" and "for voluntary use."

An effort was made by the opposition to have the names of the committee who have prepared it stricken from the book, but this was defeated. By its action the assembly virtually has rescinded the action of three preceding assemblies of 1903, 1904 and 1905, in which progressive steps were taken for an authorized book of forms. But compromise avoided the bitterness that would have come with the fight to a finish and good nature now reigns between opposing sides. The compromise was agreed upon after numerous conferences between Dr. Van Dyke, Dr. Moffat and Dr. W. E. McCauley of Cincinnati, the latter leader of the opposition. The resolutions offered were in accord with the understanding reached by them, and the vote thereon was unanimous.

BUSINESS NEARLY COMPLETED.

Cumberland Presbyterian Assembly Almost Ready to Adjourn.

Decatur, Ill., May 24.—The Cumberland Presbyterian general assembly has nearly completed its business and is about ready to adjourn but is awaiting the action of the Presbyterian assembly on the question of union. A delegation was appointed to visit the assembly at Des Moines immediately after the adjournment of the Cumberland body to bear the greetings of the latter. A special committee replied to the protest filed by the anti-unionists, pointing out that all of the points mentioned in the protest had been adjudicated by the church courts and had been affirmed by the civil courts. The work of the board of publication was approved by the assembly.

## HENRIK IBSEN DEAD

FAMOUS NORWEGIAN DRAMATIST  
AND POET PASSES PEACEFULLY AWAY.

Christiania, May 24.—Henrik Ibsen, Norway's greatest poet and dramatist, is dead.

Although Ibsen's literary activity ceased some years ago when an apopleptic seizure forced him to refrain from mental effort, he had continued to be a familiar figure in the life of Christiania and was frequently seen driving in the streets with a companion. His sudden removal, therefore, deeply impresses the capital.

From time to time lately as fresh apopleptic attacks came upon him it became obvious, especially in view of his advanced years, that his death could not be far distant. His condition last week was very disquieting. Tuesday night another seizure left him completely unconscious, and his physician, Dr. Bull, announced that he had only a few hours to live. At 2 o'clock p. m. the patient's respiration weakened and the nurse in attendance summoned Madame Ibsen, Sigurd Ibsen, his son, and the latter's wife, who remained at the bedside till the end. The poet died peacefully at 2:30 o'clock p. m. He was seventy-eight years of age.

King Haakon, immediately upon receipt of the news of Ibsen's death, transmitted to the widow his own and Queen Maud's sympathy and condolences. The storking and other public bodies are formally recording the national grief at the loss of this foremost figure in the literary life of the nation. All the theaters are closed. The authors' union has placed a wreath on the Ibsen monument outside the National theater. It is understood that the funeral will be a state function.

McClurkin Chosen Moderator.

Richmond, Ind., May 23.—At the opening session of the forty-eighth annual gathering of the general assembly of the United Presbyterian church of North America here, Dr. John K. McClurkin of Pittsburg was chosen moderator.

## STOCK IN COAL MINES

RAILROAD OFFICIAL ADMITS HE  
HAD ACQUIRED A VALUABLE  
BLOCK OF IT FREE.

AGAINST THE STANDARD OIL

CHARGES MADE THAT MESSAGES  
OF COMPETITORS WERE PILFERED FOR THE TRUST.

Philadelphia, May 24.—Further revelations concerning stockholdings in soft coal mining companies by officials of the Pennsylvania railroad were made here when the interstate commerce commission resumed its investigation into the alleged discrimination by railroads in the distribution of cars.

Three high officials of the railroad, First Vice President John P. Greene, Third Vice President Samuel Rea and William A. Patton, assistant to the president at Philadelphia, were the important witnesses of the day. Mr. Patton was under examination the greater part of the morning and was an unwilling witness. The persistent questioning of Attorney Glasgow for the commission, however, brought out the fact that Mr. Patton had acquired stock, the par value of which is \$307,000, in various coal companies without cost to himself. He explained, however, that he had signed notes obligating himself for his share of the losses and declared his belief that it was proper for him to accept the stock under those conditions.

Explained His Transactions.

Vice President Rea read a statement to the commission in which he explained all of his stock transactions, stating that he did not believe he was debarred from such ownership because of his connection with the railroad company. Mr. Rea said that most of his stock was acquired through his association with land purchasing syndicates which took up the coal properties for development.

Vice President Greene said that twenty or thirty years ago it was not considered improper for an official of the railroad to own coal company stock, but that conditions had changed and such holdings might not now be regarded in the same light as formerly. He informed the commission that the board of directors of the Pennsylvania railroad, acting upon the information that had been brought out at the hearings, had appointed a committee of five directors to make an investigation into the connection of its officials with coal companies. Mr. Greene said he did not own a dollar's worth of coal company stock.

Other witnesses testified to stock ownership and to discrimination in the distribution of cars.

Chairman Knapp, Former Senator Cockrell and Judson C. Clements conducted the hearing.

STARTLING CHARGES MADE.

Standard Oil Company Furnished

With Secrets of Competitors.

Cleveland, May 24.—The Leader says that the Standard Oil company is furnished with copies of pilfered telegrams sent or received by its competitors, is one of the startling charges slated for investigation during the interstate commerce commission's hearings in this city.

While officials and witnesses were gathering in Cleveland preparing for the inquiry, dispatches came from Lima telling of accusations by independent men against employees of the telegraph department of the Buckeye Pipe Line company, one of the Standard's subsidiary concerns.

In brief, the charges which the commission is asked to investigate are:

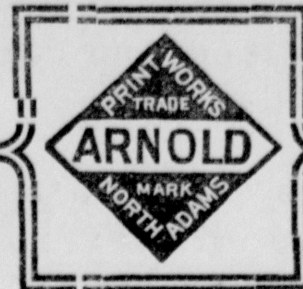

That ownership, leasing or contractual right in 195,000 miles of track enables the company's employees to transmit to No. 26 Broadway, the headquarters of the Standard Oil company, copies of all messages going to or from independent oil men in the territory involved.

That daily reports of the oil run of the independents are sent to No. 26 Broadway in ample time for consideration at the daily meetings of the Standard officials.

That the pilfered telegrams are not only of a business nature, but that in numerous cases secret political information of highest importance has been transferred to headquarters.

Young Girl Drowned.

Minneapolis, May 24.—Jennie Nooskov, a six-year-old girl, was drowned in the swift waters at the lower end of Bassett's creek, which is on a rampage. The girl went to the creek to wash her hands and slipped from the muddy banks and plunged head first into the stream.

## FIRMS RECEIVED REBATES.

Interesting Testimony Brought Out in Court at Kansas City.

Kansas City, May 24.—Testimony of unusual interest was brought out in the United States court in the trial of George H. Crosby, traffic manager of the Burlington railway; George L. Thomas of New York, a freight broker, and L. B. Taggart, his clerk, on a charge of conspiracy in rebating railroad rates.

The principal witnesses were George A. Barton of Barton Bros. Shoe company; George W. Taylor of the Robert Keith Furniture and Carpet company; E. W. Freyschlag of the Freyschlag Mercantile company, all of this city, and Walter B. Kelly of New York, clerk in 1904 and 1905 for Thomas.

The testimony shows that the firms mentioned received large sums of money from mysterious sources after freight bills had been paid; sometimes in express packages, always from New York, but none knew who sent it. On the stand Freyschlag frankly referred to an agreement with Thomas whereby his firm was to receive 25 per cent rebates on freight bills and told how the money was deposited in New York to the firm's credit by one "Jackson," a person whom he did not know. He could not remember whether he or Thomas had suggested the use of the name. He admitted that the name was used to hide "this business," a term all the witnesses employed Mr. Freyschlag said his firm received rebates of \$1,700 on goods shipped in 1904.

OUTBREAK IN SANTO DOMINGO.

Small Insurrection Is Reported at Macoris.

Washington, May 24.—News of an other small outbreak in Santo Domingo has reached here from a senior naval officer on that station, to the following effect:

"News has been received of an insurrection at Macoris, Santo Domingo, in which prisoners were released—the rebels withdrawing. No American interests endangered."

THREE PEOPLE KILLED.

Lightning Also Fatally Injures a Fourth Person.

Hammond, Ind., May 24.—Three people were killed and one fatally injured by lightning during a storm here. The dead are John Michow, West Hammond; Louis Steinbach, Hammond; Mrs. Ludge, Whiting.

The injured person is Roy Witter, who was paralyzed.

Farmers report great damage to the crops by the heavy rain.

Shaw Endorsed for the Presidency.

Oskaloosa, Ia., May 24.—Congressman John F. Lacey was renominated for a tenth term by the Republican convention of the Sixth Iowa congressional district here. The convention endorsed L. M. Shaw for the presidency in 1908.

### TENTH ANNUAL CONFERENCE

Session of the Duluth Conference of  
Congregational Churches Closed  
Last Night

The tenth annual meeting of the Duluth conference of Congregational churches, held in the First Congregational church of this city closed last evening. By those capable of judging this is considered the most successful meeting since the conference was organized in 1897.

The conference consisting of only seven churches, the business committee had but a small field from which to draw, but these churches, aided by workers within the bounds of the conference, furnished a program sparkling with brilliancy and full of helpfulness from beginning to end. Reports from the different churches showed a marked increase in interest and hopefulness which sent a thrill of encouragement pulsating through every heart.

One of the pleasant feature of the program was a supper furnished by the Ladies Aid society, and held in the parlors of the church last evening. To this were invited all visiting friends, the members of the Brainerd Ministerial Association, and the officers of the First Congregational church. After the repast the pastor as presiding officer called upon Mr. A. E. Moberg and Mr. R. K. Whiteley, who welcomed the friends in behalf of the church; and responses were made by the Moderator Rev. H. W. Johnson, of West Duluth, Mr. W. S. Woodbridge, of Duluth and Rev. H. W. Knowles of the M. E. church Brainerd.

Those taking prominent parts on the program were Rev. Messrs. Jones of Aitkin, Milne of Duluth, Fisher of Crookston, and Merrill of Minneapolis, state superintendent of Congregational home missionary work. Twenty delegates in all were present at the conference. The next will be held at Aitkin in 1907.

## CEDAR YARD AT BRAINERD

Monks & McKinley, of Mankato,  
to Put in Peeling and Sort-  
ing Yard Here

TO HANDLE 40,000 POLES

Raft Them to Brainerd and Ship  
from Here to All Parts of the  
Country by Rail

Brainerd will have a cedar yard this summer that will give employment to about twenty-five men for almost, if not the entire season. Monks & McKinley, of Mankato, heavy dealers in cedar posts and poles, have decided to make Brainerd the headquarters for their peeling and sorting and have leased a portion of the grounds of the Brainerd Lumber company. The cedar, which is mostly cut on the Willow and on the Mississippi above Aitkin, is to be rafted down the river, boomed in Rice lake and hauled out and sorted and peeled here. From here stock will be shipped to all parts of the country. The main office will continue at Mankato and shipments from here will be on orders from Mankato.

The company has about 40,000 poles in sight and is buying all it can get. It is also buying large numbers of posts. Mr. G. A. McKinley, one of the firm, who has been here for some days getting things in shape to begin work, left today for Mankato. He expects to return Monday, accompanied by Mrs. McKinley and they will make Brainerd their home this summer, having taken quarters at the National.

### DEERWOOD ITEMS.

C. J. Rathvon is making some improvements on his hotel.

The number of summer people in the town is steadily increasing.

Messrs. Burrall and Schenck will soon have their new boat upon the water.

E. Wasserzieher's new store will soon be ready for occupancy. Other buildings are nearing completion.

Mrs. B. L. Scovell was greeted last Thursday and Friday evenings by quite large and very appreciative audiences at Deerwood and Bay Lake respectively.

## MORE BOATS FOR THE RIVER

Navigation on the Mississippi out Of Brainerd is Taking a Boom This Season

### SEVERAL NEW STEAMERS PUT ON

One to Run Below the Dam—Joe Herbst Puts on Stern Wheel-er Above the City

River navigation is forging ahead in this section this year. There are several new steamers and launches being put on above the dam, some for mere pleasure and others for the purpose of catering to pleasure parties and doing such other business as they can pick up. The largest boat in the fleet will be the stern wheel steamer that has been running on the Big Pine for some time. It has been purchased by J. C. Herbst and was towed down by the steamer Mayo. Mr. Herbst is having it thoroughly overhauled and put in first-class condition for the work and will be ready for business in a couple of weeks. Mr. Herbst will have competent men in charge of her and she will doubtless be a favorite craft. L. W. Burrall is getting a boat ready for launching that will be a novelty. It is a practical test of an invention of Mr. Burrall in the way of a propeller, being a combination of screw propeller and paddle wheel. By an ingenious arrangement that is the invention of Mr. Burrall the blades will turn, upon leaving the water, so as to "feather" after the manner of an oar, thus reducing the air friction to a minimum. He is confident of great success.

Smith brothers, living at the south end of Sixth street, have a fine little steamer nearly ready for launching. She will be about thirty feet long and will carry about that many passengers. It is their intention to put her on the river between Brainerd and Little Falls. She will also be subject to charter by private parties on week days, it is said.

E. S. Houghton has purchased a fine naphtha launch and it is rumored that several others will follow suit in the near future.

The Mississippi launch club is about ready to commence work on its new dock on Rice lake and all members are enthusiastic as to the future of navigation in the river.

It is safe to say that the girls of 1906 are sweeter and more beautiful than the girls of war times. The up-to-date girls all take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

## HOLVIK-ANDERSON

Pleasant Home Wedding Joined John Holvik and Anna Anderson in Holy Matrimony

There were about 25 relatives and friends of the contracting parties gathered at the home of A. U. Anderson, father of the bride, 1114 Pine street southeast, last evening to listen to the vows that would unite John Holvik and Anna Anderson in the insoluble bonds of wedlock. The ceremony was performed at 8:30 o'clock by Rev. A. Mattson. During the ceremony Lohengrin's wedding march was played by Miss Agnes Sundine. The bride was arrayed in Persian lawn and carried bride's roses. Her sister, Miss Ellen Anderson, was bridesmaid and wore figured dainty and carried red carnations. The groom was supported by Mr. Geo. Stevenson, of Duluth, both being in conventional black.

After the ceremony a bountiful wedding supper was served and the happy couple left on the midnight train for a honeymoon trip to Minneapolis and Madison, S. D., the latter being the home of the groom's parents. They expect to be absent about ten days and on their return will go to housekeeping at 601 South Ninth street.

The bride is well and favorably known to many of our readers, having served several years as a clerk in the store of L. J. Cale and later of L. M. Koop. The groom has been for the past seven years a tailor in the employ of Jens Molstad, and has many friends in the city. The popularity of the young people is evidenced by the large number of handsome and valuable presents received.

## MUSIC AND DRAMA.

"MY WIFE'S FAMILY."

In some respects "My Wife's Family," which comes to the Brainerd opera house this next Saturday evening May 26, is one of the most unique productions which has appeared this season. In the first place, the authors, Stephens and Linton, have taken the mother-in-law theme, which was commonly supposed to have been worn threadbare, and upon it constructed a farce comedy which is absolutely original in the variety of its situations and its bright and witty lines. The plot deals with the efforts of a young husband to get rid of a hungry horde of wife's relatives, and in his frantic effort to accomplish this end he enlists the assistance of a friend, a man about town. Their mistakes and hair-breadth escapes fill three acts of delightful absurdities and complications, labeled "Morning, Noon and Night." The action is swift and hilarious, only interrupted now and then by the introduction, for the sake of variety, of a musical or dance number, to give the weary audience a rest from laughter. Seat will be put on sale tomorrow morning at 10 o'clock at H. P. Dunn & Co.'s drug store.

### SAN FRANCISCO DISASTER.

San Francisco's mighty earthquake, the ensuing fire, and the entire disaster, mirrored true to life and perfect in the minutest detail, will be shown at the Brainerd opera house on Friday, June 1. The moving pictures of the vast catastrophe—an incredible but actual achievement in the field of photography—have scored a tremendous success wherever they have been shown. They are not only unequalled as motion photographs, but no pictures like them have ever been displayed, and nothing to equal them can ever be shown again. These pictures are now being shown at the Metropolitan theatre Minneapolis. A matinee performance will be given to permit the children to witness a reproduction of the nation's calamity which is a matter of history.

## HEALTH IN BRAINERD.

H. P. Dunn & Co. Say Care of Digestion Solves Problem of Long Life.

H. P. Dunn & Co. believe that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongue, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like Mi-o-na stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, an important step has been taken towards solving the question of good health and long life.

H. P. Dunn & Co. sell Mi-o-na on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails.

## FOR MEMORIAL DAY EXERCISES

Pap Thomas Post Assisted by Sons of Veterans Will Observe the Day

### EXERCISES AT CEMETERY

Memorial Sermon to be Preached by Rev. Garrett at the Baptist Church

It is the intention of Pap Thomas Post to fittingly observe Memorial day and to that end all old soldiers are invited to unite with them, whether members of the G. A. R. or not. The Sons of Veterans will unite with them in the observance of the day and all sons of civil war veterans, whether members of the order or not, are cordially invited to turn out and assist in doing honor to the memories of their fathers and their fathers' comrades. The Post will leave the hall at 1:30 p. m. On arrival at Evergreen cemetery the following will be the order of exercises, as shown by the orders of the Post Commander:

1. Reading of General Orders.
2. Prayer.
3. Song, "Flowers for the Brave."
4. Lincoln's Memorial Address.
5. G. A. R. Ritual.
6. Song, "Garlands We Twine."
7. Remarks by Capt. Tracy, S. of V.
8. Song, "Cover Them Over."
9. Placing of wreaths on graves by the flower girls.
10. Firing salute, squad of Sons of Veterans.
11. Dismissal.

The Memorial Sermon will be preached by Rev. A. P. Garrett, at the Baptist church, Sunday May 27, at 10:30 a. m. All comrades will meet at the hall at 10 a. m., and march to the church.

By order of the Commander.

T. E. SMITH, Adj.

It is worth more than a passing thought that the first minister this year to invite the G. A. R. to attend his church and listen to a Memorial sermon, came from the son of a Confederate veteran and was promptly accepted. This shows conclusively that the old spirit of rancor has passed away and that a unity as broad as our common country and as true as our national patriotism, has come to stay.

### Fortunate Missourians.

### BROUGHT TO SANITARIUM

Myron Quance, of Staples, Brought from Perham Hospital to the Sanitarium Today.

Engineer C. G. Smouse, of Staples, brought his brother-in-law, Myron Quance, of that city, down from Perham today and placed him in the Northern Pacific Sanitarium. Mrs. Quance accompanied them. Mr. Quance was hurt Saturday last by being hit on the head with a crowbar while handling the unloading cable on a work train near Bluffton. He was taken at once to the hospital at Perham, where the doctors said he could not live, but Mr. Smouse decided to bring him to Brainerd to the Sanitarium, where the physicians as yet refuse to make any prophecies as to his recovery. Mr. Quance is delirious most of the time, his little 14 months old girl and Mr. Smouse being the only ones he seems to recognize. Mr. Smouse and Mrs. Quance returned to Staples today noon.

### Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At H. P. Dunn & Co.'s Drug store, Brainerd, Minn. 50 cents.

## NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavily like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 198 pages. Send 21 one-cent stamps for paper-covered copy, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 603 Main Street, Buffalo, N. Y.

## Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish.

The Volo represents perfection in material, workmanship and efficiency.
